Intelligent Transportation Systems Forum

The Intelligent Transportation Systems (ITS) Forum, organized by HKITF, WTIA and Sin Chung Kai Office, came to a success on 6 April 2006.

A ITS Policy Paper is issued by organizers to explain the trends involving ITS development that are taking place in other countries, what opportunities and challenges may present, how Hong Kong can leverage its competitive advantages to further improve our ITS development over the long term. To download the paper for reference, please visit the below link:

2006 World Congress of Information Technology in Austin, Texas

- (from right) Mr. Charles Mok, Ex-officio member of HKITF and Mr. Frankie Fong from OGCIO took a picture in front of the booth of HKITF in WCIT 2006

Supported by the Office of the Government Chief Information Officer, HKITF presented a booth in the Innovation Exchange exhibition of World Congress of Information Technology in Austin, Texas from 2 May to 5 May.

At the Hong Kong Booth, staff emphasized the benefits of the world staff emphasized the benefits of a world-class telecommunications infrastructure and Hong Kong's unique position as a gateway to China.

Hong Kong's Octopus honoured the Chairman's Award

-Ms .Cindy Cheng, Sales and Marketing Director of Octopus, received the Chairman's award from WITSA chairman George Newstrom, and Cathilea Robinett of the Center for Digital Government

Hong Kong technology took centre stage at the 2006 World Congress of Information Technology as Octopus Holdings Limited, one of our members, beats out candidates from around the globe for the top award. WITSA - the World Information Technology and Services Alliance - gave Octopus the Chairman's Award for its innovative use of technologies, including smartcard, J2EE and handheld options.

We, herein, congratulate Octopus on its remarkable achievement and wish its success in the future.
